# ILLEGAL

Class rule C-6-1(b): The method of attaching any fitting to the boat is unrestricted but shall not modify the fittings position, the effective operation of the fitting nor the intended purpose or action of any equipment and provided their fixing gives no performance advantage

CLASS RULE C.6.1.(a): The use of Velcro, shockcord, Teflon tape, flexible adhesive tape, rope, stainless rings, pulleys, shackles is unrestricted as long as this does not modify the sheeting angle of any sail when loaded .....  
The shockcord on the vang is illegal.

This additional Yellow line is ILLEGAL, because its use can modify the sheeting angle of the mainsail

## RULE C.6(d)

The Gennaker bag systems may be changed to allow for a retraction system of optional design utilizing a take down line, blocks, rubber or pvc tubes on the anti hiking pad spectra and patches on the gennaker. The bag design is optional and shall secure to the standard aluminum bracket without additional rollers or fairings.

In this photo 2 rules are breached:

- 1) the gennaker bag is attached to the forward antihiking pad spectra fitting (Rule C.6.1d)
- 2) non antiskid tape is fixed where the deck has antiskid (rule C.6.1a)

- carbon battens are not allowed
- to sand the deck, the hull or the appendages is not allowed.

PLEASE REMEMBER

:

THE RULES OF THE AUDI MELGES20 CLASS ARE CLOSED CLASS RULES :  
WHERE IF IT DOES NOT SPECIFICALLY SAY THAT YOU MAY,  
THEN YOU SHALL NOT.
